- Outspoken and responsible
- Hard-working and resilient
- Competitive and fast learner

WORK EXPERIENCE

Coordinator 2022 - Present

SINFO | Instituto Superior Técnico

SINFO is Portugal's **biggest free tech conference**, with participation from **over 85 companies** and featuring presentations by more than **15 yearly influential speakers** representing the world's leading IT corporations.

- On the Multimedia team, I crafted **more than 30 graphical materials** across **2 editions of the event**, including eye-catching posters, social media visuals, and merchandise. Some of these materials for the social media profiles drove substantial engagement, turning into **2 top-performing posts** on SINFO's Instagram page.
- Currently serving on the Coordination Team, orchestrating the **oversight of all teams** and ensuring the event's success.
- Led the design of recruitment advertising materials** for SINFO 31, used to attract top talent and amplify the event's reach.

Head of Human Resources 2021 - 2023

Diferencial | Instituto Superior Técnico

- Promoted from journalist to Head of Human Resources **within two months** at Diferencial, Instituto Superior Técnico's student newspaper, that also organises diverse events such as movie nights for all the students.
- Lead recruitment initiatives resulting in **56 new joiners**, which created a talented and diverse pool of contributors.
- Orchestrated fun and engaging **team-building activities**, fostering **team spirit and motivation** to continue contributing to the organisation, which led to a **65% rise in team satisfaction**.
- In **charge of administration and management** of members.

Front-end Developer Apprentice 2024

Internship | Sky Portugal

- Led the **development of an internal web app** to provide essential information on STB devices, streamlining internal workflows and improving efficiency. Utilised **HTML, vanilla JavaScript, and CSS** to build the core functionality, ensuring a smooth user experience and compatibility with STB devices.
- Proactively expanded the project** by incorporating additional features such as API support testing and a button for downloading key information. These **enhancements improved usability and functionality**, making the app a valuable tool for diagnostics and data-driven decision-making. Delivered a fully operational solution that significantly improved device monitoring and support for internal teams.
